**WHO IS EFFEX**

Effex Website: <http://effexms.com> | Effex Blog: <http://blog.effexms.com/>

Effex is a large volume contingent workforce management solutions firm that employs over 3500 workers in a multitude of industries, including manufacturing, distribution and warehouse facilities across the United States. Effex operates with a proven model aimed at delivering guaranteed 100% staffed facilities every day by way of an unprecedented Strategic Alliance Program (SAP) for recruiting, training and management. SAP begins with a strategic alliance implementation team and consists of workforce staffing, retention, flex force, onsite management programs, and department specific trainings.

By focusing on a singular client in any given market and having an onsite management team, Effex effectively transforms the way facilities staff and manage their contingent workforce. Through intelligently designed programs, Effex enable industry facilities to develop formidable solutions for their staffing needs through Effex's commitment to strong client partnerships.

Effex believes genuine partnerships yield higher attendance rates, employee satisfaction, single digit turnover rates, less labor spend and greater productivity. As a testament to its success-driven partnership strategy, Effex continues to maintain 100% client retention over 14 solid years of being in business.
